I colori esposti sono indicativi e possono variare per motivi di stampa. Per una corrispondenza più accurata dei colori, fare riferimento ai campioni "Fughe Colorate" Mapei. I colori possono essere influenzati dalla superficie accostata e dalla luminosità dell'ambiente.

Due to the printing processes involved, the colours should be taken as merely indicative of the shades of the actual product.

For an accurate colour representation, please refer to Mapei "Coloured Grouts" samples. Colours can be affected by the surface (where they are used) and the brightness of the environment.
